

How does it work?

10%

If you have already attended our 5 day TESOL Certification Course and wish to work as an independent contractor to help spread the word about our products and services, then this is a great opportunity for you! After signing our "Lexica Associate" contract, you will be given a personal discount code to share with your contacts and clients which gives them 10% off any of our courses or classes. This code is uniquely assigned to you, and will enable us to make sure you get paid commission on each customer you send our way.

Your payment occurs within approximately 5 business days after the student has attended one of our courses. (In the case of the Grammar Boot Camp classes and other language classes, you will be paid after the student has attended at least 2 of the 10 classes in the program.) Applicable money transfer charges will be deducted from the total payment of any transfer made to you.

Current Commision Rates

For each student you send our way who registers and attends each day of our 5-day TESOL Certification/Language Instructor Course:
\$52.00 Canadian

For each student that signs up for our Ten-Session "Grammar Boot Camp" classes, which are taught on the last Sunday of every month:
\$22.00 Canadian
